**An awareness-raising activity on menstrual hygiene for girls**

**At the public primary school Louggéo Doubaï Cameroon**

On June 07th 2019 we held an educational talk on the theme of "Puberty and Menstrual Hygiene". with the school girls of the classes (CM1 and CM") at a primary public School at Louggéo Dubai, which is situated in the district of Maroua. The teachers helped us to mobilize the girl-students who were able to travel that day because it had rained a lot, and the access to the school was not at all easy. As a result, we have not been able to reach the number we hoped for. But those present were receptive and very attentive. However, the phone we used to film was unloaded due to a problem with the connection.
